

Continuation of Substance of Interview including description of the general nature of what was discussed: Called applicant to ask if they have an English language translation of PCT/EP99/02225 which is an application of the inventor (Dr. Wank) and which describes the production of CAPRI cells according to the instant specification at page 15, 2nd paragraph. Applicant will check their file and contact the inventor to determine if a copy is available. Applicant sent by telefacsimile a certified English language translation of PCT/EP99/02225 to the Examiner's personal fax inbox on November 13, 2007. The translated document is cited in connection with the Office Action attached hereto.
